

2011

USTA Jr. Team Tennis Fall Season

(using the QuickStart play format)

- * Fall Season begins last week in September
- * Team/player entry deadline is Friday, September 16th
- * The season will run approx. 6 weeks
- * Matches held on Sunday afternoons, plus one weekday practice
- * Divisions: 6-8, 9-10 year olds

The **QuickStart Tennis format** is a new way for kids 10 & under to learn and play the game. The court sizes, racquet sizes, balls, and the scoring system will be age specific. Any child between ages six and ten can start playing tennis almost immediately, even if he or she has never picked up a racquet before. Plus, just like other popular sports with youth versions, the QuickStart format stresses the importance of play and team competition. And since most kids love team sports, this new format is now part of the USTA Jr. Team Tennis league. Kids will now have the opportunity to play with their friends while developing their skills.

To sign up to play:

- Go to <http://teamtennis.usta.com>
- Click on "Find A Program"
- Click on Jr. under Select Program type
- Enter your zipcode
